Verse 1:

As You call me near, I come
Drawn with holy fear and awe
Into heaven's doors to see You as You are
You who formed the earth with Your hands
Sun and moon, they shine at Your command
Who can know the vastness of the Lord most high

Prechorus:

As I draw near, I offer my life to my Jesus
Who fills me with mercy and grace
And as I go out I will open my eyes and awaken
And You'll be a blessing through me

Chorus:

You're the overflow, the sustainer of my soul
Pouring out of me, living water for the weary
Bless me so that I might be a blessing
Heal me so that I might bring healing
Cover me so that I might be a covering
For You
